

RSM 50.300

Uni-Shear

The finest hydraulic shear available

Its fast cutting action, automatic heavy duty hold down and massive shearing capacity have left little room for improvement. Uniquely air vented, self cooling oil reservoir which has dropped working temperatures by as much as 20PC. This feature, together with the externally mounted power pack, which eliminates 70% of the hydraulic tubing, ensures many years of trouble free operation.

Uni-Shear, integrated with the RSM 13000 automatic shearline, ensures the rebar fabricator the finest in productivity and reliability.

Specifications

- Alligator sheering action
- Capacity 50mm 450 MPa high tensile steel
- Blade length 300mm
- Drive electro hydraulic, motor 15kw, 1450 rpm, 380 v 50 hz
- 20 - 40 cycles per minute infinitely variable adjustment
- Heavy duty hydraulic hold down
- Foot control or console control on shear line
- Mass 2000 kg
- Packing dimensions - height: 1600mm, length: 1400mm, width: 1350mm

Capacity

- Cut pieces / diameter high tensile
- Europe 1 x 50 6 x 28 18 x 14 25 x 10
- USA 1 x #14 12 x #11 6 x #5 20 x #4 25 x #3
